

**SUTA - Southern California Chapter
Fall Activity Report**

Southern California chapter of SUTA is holding bimonthly luncheons since beginning of 2012. Dr. Soheyla Kamal is the originator of the luncheon networking events and other board members support as required.

The luncheons are organized for the purpose of connecting and networking. Recent SUT graduates are able to connect to the working professionals in a casual setting and benefit from the experience of the ones who had gone through similar experiences.

On occasions SUTA-SC invited distinguished guests and speakers to have a brief presentation on a topic of general public interest, or a scientific update that is worthy of sharing with an audience of mixed backgrounds.

The bimonthly luncheons are held at:

The Tee Room, located at 3100 Irvine Ave Newport Beach, CA 92660, phone: (949) 756-0121.

Below are a few pictures of the August and October 2012 gatherings.
